SHREYA SUNIL MALVANKAR

Indiana, USA | +1 (765)-701-9410 | shreya8.usa@gmail.com | https://www.linkedin.com/in/shreya-malvankar/

PROFILE

Results-driven Analyst with expertise in Power BI, Python, and ETL development, experienced in delivering actionable insights and driving process improvements for business growth.

EDUCATION

MS Business Analytics and Information Management, Purdue University, Indiana — Dec 2026

B.E. in Computer Engineering with Honors in AI/ML, Xavier Institute of Engineering, Mumbai — **GPA:** 3.7 — Jun 2025

SKILLS

Tech & Tools: MySQL, Excel, Tableau, Power BI, Python, GCP, Pandas, Matplotlib, Seaborn, R, MongoDB, Scikit-learn
Soft Skills: Analytical Thinking, Logical Reasoning, Problem Solving, Leadership, Communication, Team Player

EXPERIENCE

Data Analyst Intern, *Jay Instruments and Systems* | On-site (Mumbai, IN) — Dec 2023 - May 2024

- Collaborated with the sales team to analyze data, improving sales strategies and marketing efforts, resulting in a 10% increase in marketing ROI and a 3.3% revenue growth.
- Built 25+ ETL workflows, boosting data integration efficiency and cutting processing time by 40%.
- Conducted comprehensive data analysis, providing key insights that guided strategic decisions, leading to a 15% increase in customer retention and a 10% boost in operational efficiency.
- Designed interactive Power BI dashboards tracking YTD/YOY revenue, geolocation trends, and customer demographics, providing actionable insights to stakeholders.
- Exposure to Salesforce dashboards and CRM-based reporting through collaboration with sales teams.

Data Analyst Intern, *IBM SkillsBuild* | Remote (Mumbai, IN) — Jun 2023 - Jul 2023

- Collaborated with a team and developed a working model based on python.
- Worked on training model capable of generating high-resolution images from low-resolution inputs.
- Requirements for ISR include improving image clarity, enhancing details, and upscaling low-resolution images while preserving image content using GANs.

PROJECTS

Time-Series Forecasting – U.S. Retail Sales Demand Analysis

- Analyzed 30+ years (1992–2025) of monthly U.S. retail sales data across 9 industries, identifying ~3.1% CAGR and 2.4× faster growth in Nonstore Retailers.
- Built time-series forecasting models with <8% MAPE, quantifying 28–35% Q4 seasonality uplift and a ~17% demand shock in 2020.
- **Techs:** Python, Excel (Power Query), Power BI

Sales Analytics – Retail Performance & Profitability Analysis

- Analyzed 9,800+ retail transactions across 3 regions and 17 categories, identifying Technology products driving 38% of revenue and 62% of total profit.
- Uncovered 21% higher AOV and 18% higher profit margin in the West region, with 32% of annual sales concentrated in Q4.
- **Techs:** SQL, Excel, Power BI

Data Visualization - Adidas vs Nike Footwear Products

- Analyzed Adidas vs Nike footwear performance, identifying Nike's 76% higher profit margin and a 15% spike in web traffic during peak hours (5–8 PM).
- Performed product and customer segmentation, revealing 10% price-based product overlap and 56% of footwear revenue driven by women.
- **Techs:** Tableau

AWARDS & HONORS

- **Woman of Intelligence Award** (Joan and Frank Trocki) of the year 2024-2025.
- Awarded **Third Prize** for the *Multiformat File Analyzer* project at a college-level project competition.

LEADERSHIP ACTIVITIES

- **Contingent Leader** | *Student Council*: Strengthened inter-college relations by coordinating external events.
- **Event Manager & Design Head** | *TEDxXIE*: Event planning & execution, managed teams, photoshop, canva.
- **Volunteer** | *NSS (National Service Scheme)*: Completed 240 hours of social service.
